I have been an oncology nurse for the last eight years, and my lifelong dream has been to become a nurse practitioner and specialize in oncology. Thanks to the generous ONS Foundation Masters Scholarship that I was awarded, I feel one step closer to reaching my goal. In addition, this award is very meaningful, not only financially, but emotionally as well, as it has strengthened my belief in myself. I want to personally thank the ONS Foundation for its continued generous scholarships. Students like myself would not be able to pursue advanced nursing degrees without your support.
